

**Install It Your Way—Indoors or Out**  
 Wall-mount or free-stand, upright or inverted—whatever you need for your space.

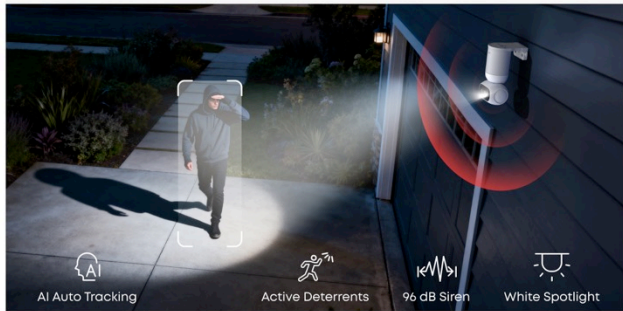

**Auto Tracking. Zero Blind Spots.**  
 With 360° rotational coverage, the camera keeps focus locked on moving people, cars, and pets—delivering continuous protection from every angle.

**True Colors, Even at Night**  
 Capture every detail in true color with PureColor Vision™, even in low light.

**Lock. Track. Deter.**  
 AI tracking locks in on intruders, activating powerful sound and light deterrents and leaving nowhere to hide.
